

Dear Sir,

I hope this message finds you well.

My name is Rohan Solanki, and I have recently completed my diploma in computer engineering from RK university. I am currently looking for internship or entry-level job opportunities to gain practical experience and begin in the industry.

I would like to ask if your organization is currently offering any internship or job opening suitable for diploma graduates. I am interested in learning about

- Available internship or job position
- Application process and eligibility criteria
- Duration, location and any other important details
- I have college experience in database

I am a hardworking and quick learner, and I am eager to contribute and grow in a professional environment.

Thank you for your time and consideration. I look forward to response and any information you can provide.

Sincerely,

Rohan Solanki
